JEWELRY / INTENTION / EVERYDAY RITUAL

Something beautiful. Something to keep.

Take the studio experience into everyday life.

Retail selections, meaningful gifts and custom projects for yoga, Pilates and the communities around them.

A place in your studio. A place in their day.

Start with the relationship you already have with your members.

01 Curated retail

Choose a focused bracelet selection for your front desk or studio shop. We quote the products; you choose your selling price and manage stock.

Revenue route: your retail margin. Unsold stock remains yours.

02 Retreat & event gifting

Create a keepsake for retreats, teacher-training graduations or member milestones. Build the selection around your occasion and budget.

Purchase a quoted gift order; cards and packaging can be scoped.

03 Co-brand or own label

Bring your studio identity to a product and packaging brief. Studio Label Works coordinates materials, sampling and production with manufacturing partners.

Development, branding rights and a bulk order are agreed in advance.

04 Referral partnership

Recommend a Feltbreath selection to members who order directly from us. Discuss tracking, fulfillment and commission before launch.

No stock purchase. Commission terms are agreed for eligible orders.

Pick a route. We will build the offer around your audience.

Six different reasons to pick one up.

A starting selection to discuss, not a fixed bundle or order minimum.
